

House Description

Transkript:

It's quite difficult to find our house, because the houses are so new that they haven't got any numbers yet. However, if you look at the front of the houses from the road, ours is one with the front door on the left. Ours is also one of the houses with a garage. But our garage is to the right of the house. We also have a chimney. But our chimney is quite small and it's on the right-hand side of the roof.
